

Practice Professor Membership Eligibility Criteria

To be eligible for Practice Professor membership of the College, the applicant must possess a minimum of (all six criteria):

1. an undergraduate degree or equivalent professional education (assessed from CV)
2. be well-established in a professional domain (including management)
3. 15 years of professional experience
4. 10 years of demonstrable leadership experience
5. able to participate in Melbourne located events (at present, membership and events will be opened up to city residents in the future)
6. aspire to being a leader with a strong knowledge for capability development orientation

These criteria are a minimum for entry into (and ongoing) Practice Professor college membership and participation in the college pathway leading to designation as a college Practice Professor. Membership is renewed annually and may not be continued for members who are unable to continue to meet these criteria, do not intend to ultimately attend for the college Practice Professor Title (viva stage) or who do not comply with the College Code behaviour expectations.
